60 and 208 Litres.

5W-30 C2

Applications

Motorcraft 5W-30 C2 is designed for use in automotive Petrol or Diesel Engines where the manufacturer recommends ACEA C2 or earlier specification.

Product Performance and Specifications

ACEA C2: Suitable for use in vehicles requiring Peugeot and Citroen B71 2290 standard, FIAT 9.55535-S1 standard.

5W-30 C4

Applications

Motorcraft 5W-30 C4 is designed for use in automotive Petrol or Diesel Engines where the manufacturer recommends ACEA C4 or earlier specification.

Product Performance and Specifications

ACEA C4: Suitable for use in vehicles requiring Renault RN 0720 standard, MB 226.51 / 229.31 / 229.51 standards, FIAT 9.55535-S4 standard.

5W-30 C3

Applications

Motorcraft 5W-30 C3 is designed for use in automotive Petrol or Diesel Engines where the manufacturer recommends ACEA C3 or earlier specification.

Product Performance and Specifications

ACEA C3: Suitable for use in vehicles requiring BMW Longlife-04, VW 504.00 / 505.00 / 505.01 / 507.00 standards, MB 229.51, 229.52 / 229.31 standard, Renault RN0700 / RN0710 standard, Porsche C30 standard, Opel OV 040 1547-D30 / G30.

5W-40

Applications

Motorcraft 5W-40 is designed for use in automotive Petrol or Diesel Engines where the manufacturer recommends ACEA C3 or earlier specification.

Product Performance and Specifications

ACEA C3: Suitable for use in vehicles requiring BMW Longlife-04 standard, MB 229.31 / 229.52 / 229.51 standards, FIAT 9.55535-S2 standard.

5W-40 C3

Applications

Motorcraft 5W-40 C3 is designed for use in automotive Petrol or Diesel Engines where the manufacturer recommends ACEA C3 or earlier specification.

Product Performance and Specifications

ACEA C3: Suitable for use in vehicles requiring Renault RN 0700 / 0710 standards, VW 505.00 / 505.01 standards, MB 229.51 / 226.5 / 229.31 standard, FIAT requiring 9.55535-S2 standard, Opel OV 040 1547-D40.

Facilitating optimum Engine performance and extended component life by virtue of fast and effective lubrication across a wide temperature range.

- Advanced protection under a variety of driving conditions and temperatures
- Very good Engine cleanliness
- Fast lubrication at start-up and during warm-up
- Reduced Oil consumption
- Flexible drain interval capability where prescribed by the manufacturer

Castrol and Ford Motorcraft Oil also available. Ask your PartsPlus Centre for details.

0W-30 C2

Applications

Motorcraft 0W-30 C2 is the next generation of Engine Oil designed for the latest Petrol and Diesel Engines.

Product Performance and Specifications

ACEA C2: Suitable for use in vehicles requiring FIAT 9.55535-DS1 / GS1 standards, Peugeot and Citroen B71 2302 / 2312 standards

10W-40

Applications

Motorcraft 10W-40 is designed for use in automotive Petrol or Diesel Engines where the manufacturer recommends ACEA A3 / B4 or earlier specification.

Product Performance and Specifications

ACEA A3 / B4: Suitable for use in vehicles requiring VW 501.01 / 505.00 standards, MB 226.5 / 229.3 standards, FIAT 9.55535-D2 / G2, Renault RN0700 RN0710 standards.
